Your Personal task management and planning solution for planning your day, week & months

12:55 pm 25th May, 2023

Use Container/Card/Material

Column

Task 1

Your Personal task management and planning solution for planning your day, week & months

12:55 pm 25th May, 2023

Remember about row and main access alignment?

Objective Guide

Design the UI as is...

By clicking “Let’s get started” button user can go to the second page

On the 2nd page by clicking the Floating action button user can add more item in the list

Hint: You need to control the Listview from a List.... And check which data are constant and which are not

BEST OF LUCK!!
